#### India and Sri Lanka sign MoU for a Women Empowerment Project in Ampara

MoU signed for a Women Empowerment Project in Ampara - 07 June 2016

India and Sri Lanka on 7 June 2016 signed an MoU to set up a Women's Community Learning Centre in Ampara, Sri Lanka. The MoU was signed at the High Commission of India by Mr. Y.K. Sinha, High Commissioner of India and Ms. Chandrani Senaratne, Secretary, Ministry of Women and Child Affairs. The ceremony was presided over by Hon'ble Ms. K.D.M. Chandrani Bandara, Minister of Women and Child Affairs of Sri Lanka.

The project envisages setting up a Community Learning Centre in Ampara to impart vocational training to war affected/destitute women from Ampara district in the areas of garment making and agro-food processing. The project will impart livelihood skills as well as capacity building which will lead to the socio-economic empowerment of women in the target areas. 20 Master trainees and 100 grassroot trainees will be trained under the project. The project will be implemented in two years.

The Government of India has been implementing a similar project in Batticaloa since June 2010. Under the Batticaloa project, more than 1500 war affected/destitute women have been trained from Batticaloa District in seven vocational areas: (i) Textiles and Garments; (ii) Surface Ornamentation; (iii) Agro food processing; (iv) Computers; (v) Enterprise Development; (vi) Solar lantern and (vii) Roof rain water harvesting.

SEWA, an Indian NGO, is the implementing partner of Government of India. The project is being implemented in close consultation with the Ministry of Women and Child Affairs of Sri Lanka.

### India signs agreements with Implementing Agencies for Indian Housing Project in Central and Uva Provinces

The High Commission of India signed agreements to award work to four Implementing Agencies (IAs), viz., UN-HABITAT; International Federation of Red Cross & Red Crescent Societies (IFRC) in partnership with Sri Lanka Red Cross; National Housing Development Authority (NHDA); and Habitat for Humanity to implement the housing project in the Central and Uva Provinces. The project envisages construction of 4000 houses through an innovative community-driven model involving the Estate Workers Housing Cooperative Societies (EWHCS) and beneficiaries. The 4000 houses is a part of India's commitment to construct 50,000 houses in Sri Lanka.

The signing ceremony was held in the presence of Mrs. Ranjini Nadarajapillai, Secretary, Ministry of Hill Country New Villages, Infrastructure & Community Development. Officials from the Ministry of Hill Country New Villages, Infrastructure & Community Development and Plantation Human Development Trust were also present.

### Visit of Ministry of Petroleum and Natural Gas Delegation from India

A delegation led by JS(IC) Shri Sanjay Sudhir visited Sri Lanka on May 19-20, comprised representatives of IOCL, OVL, EIL, GAIL and Petronet LNG Ltd (PLL). During the two day visit, meetings were held with Minister of Petroleum Resources Development, Hon. Chandima Weerakkodi, Minister of Development Strategies and International Trade Hon. Malik Samarawickrema and Senior Advisor to Prime Minister of Sri Lanka, R. Paskaralingam. The delegation also visited Trincomalee on May 20, 2016 for a site visit of the Upper and Lower Tank Farms in Tricomalee.

### Hero Cycles in Sri Lanka

Local media reported that Hero Cycles Ltd., which acquired 60% stake in Sri Lanka-based bike exporter BSH Ventures Ltd., was expected to set up its second plant in Colombo, in order to scale up its production capacity to one million bicycles by 2019.

♦ Bilateral Trade with India

Bilateral trade turnover amounted to nearly US\$ 2.05 billion during the period January-June 2016. During this period Sri Lanka's exports to India were about US\$ 263.98 million, and imports from India were about US\$ 1790.66 million. During the month of June 2016, Sri Lanka's exports to India were about US\$ 46.77 million; and imports from India were about US\$ 286.58 million. India's share in Sri Lanka's global imports & exports was 18.01% and 5.29% respectively.

♦ Tourist Arrivals from India to Sri Lanka

The total number of tourist arrivals from India to Sri Lanka during January-June 2016 was 172,841 i.e. approximately 17.92% of the total tourist arrival into Sri Lanka. During the month of June 2016, 27,068 Indian tourists visited Sri Lanka as against 25,860 in the corresponding period of the previous year, an increase of 4.7%. Figures from the Sri Lanka Tourism Development Authority indicate that during June 2016 the main sources of tourist arrivals (27,068) were from India followed by China (19,952), UK (9,406) and Germany (5,461).

Month	2015	2016	% Change 2015/16

### **Introduction**

The Two Wheelers segment with 81 per cent market share is the leader of the Indian Automobile market owing to a growing middle class and a young population. Moreover, the growing interest of the companies in exploring the rural markets further aided the growth of the sector. The overall Passenger Vehicle (PV) segment has 13 per cent market share.

India is also a prominent auto exporter and has strong export growth expectations for the near future. In April-January 2016, exports of Commercial Vehicles registered a growth of 18.36 per cent over April-January 2015. In addition, several initiatives by the Government of India and the major automobile players in the Indian market are expected to make India a leader in the Two Wheeler (2W) and Four Wheeler (4W) market in the world by 2020.

### **Market Size**

Sales of passenger vehicles increased by 11.04 per cent to 242,060 units in April 2016 driven by demand for utility vehicles. While sales of passenger cars went up by 1.87 per cent to 162,566 units in April 2016, those of utility vehicles grew by 43 per cent to 62,170 units. Sales of commercial vehicles maintained its momentum on back of replacement demand and grew by 17.36 per cent to 53,835 units.

The two-wheeler industry also performed well. While sales of scooters increased by 35.86 per cent to 468,368 units, the demand for motorcycles shot up by a strong 16.24 per cent to 1,024,926 units.

### **Investments**

In order to keep up with the growing demand, several auto makers have started investing heavily in various segments of the industry during the last few months. The industry has attracted Foreign Direct Investment (FDI) worth US\$ 14.32 billion during the period April 2000 to December 2015, according to data released by Department of Industrial Policy and Promotion (DIPP).

Some of the major investments and developments in the automobile sector in India are as follows:

- ◆ MV Agusta, the Italy-based premium motorcycle manufacturer, has entered India through an exclusive partnership with Pune-based Kinetic group with the launch of three luxury bikes, which will be sold through the 'Motoroyale' chain in Pune.
- ◆ Sweden-based electric vehicle maker Clean Motion plans to invest US\$ 10 million in India over the next three years in order to expand operations including setting up of an assembly unit for its Zbee three-wheelers in the country.
- ◆ Isuzu Motors, the Japan-based utility vehicle manufacturer, has inaugurated its greenfield manufacturing unit in SriCity, Andhra Pradesh, at a cost of INRs 3,000 crore (US\$ 450.94 million).
- ◆ Japanese two-wheeler manufacturer Honda Motorcycle and Scooter India (HMSI) has opened its fourth and world's largest scooter plant in Gujarat, set up to initially produce 600,000 scooters per annum to be scaled up to 1.2 million scooters per annum by mid-2016.
- ◆ American car maker Ford has unveiled its iconic Ford Mustang in India and will make its debut in second quarter of FY2016 within the price band of INRs 45 lakh (US\$ 66,146) and INRs 50 lakh (US\$ 73,496) in the Indian market.
- ◆ Nissan Motor Co. Ltd is in discussion with Government of India to bring electric and hybrid technologies to India as the government plans to reduce air pollution caused by vehicles.
- ◆ Global auto major Ford plans to manufacture in India two families of engines by 2017, a 2.2 litre diesel engine codenamed Panther, and a 1.2 litre petrol engine codenamed Dragon, which are expected to power 270,000 Ford vehicles globally.

## Spotlight Continues: Automobile

- ◆ The world's largest air bag suppliers Autoliv Inc, Takata Corp, TRW Automotive Inc and Toyoda Gosei Co are setting up plants and increasing capacity in India.
- ◆ General Motors plans to invest US\$ 1 billion in India by 2020, mainly to increase the capacity at the Talegaon plant in Maharashtra from 130,000 units a year to 220,000 by 2025.
- ◆ US-based car maker Chrysler has planned to invest INRs 3,500 crore (US\$ 513.5 million) in Maharashtra, to manufacture Jeep Grand Cherokee model.
- ◆ Mercedes Benz has decided to manufacture the GLA entry SUV in India. The company has doubled its India assembly capacity to 20,000 units per annum.
- ◆ Germany-based luxury car maker Bayerische Motoren Werke AG's (BMW) local unit has announced to procure components from seven India-based auto parts makers.
- ◆ Mahindra Two Wheelers Limited (MTWL) acquired 51 per cent shares in France-based Peugeot Motorcycles (PMTC).

### **Government Initiatives**

The Government of India encourages foreign investment in the automobile sector and allows 100 per cent FDI under the automatic route. Some of the major initiatives taken by the Government of India are:

- ◆ Hon. Nitin Gadkari, Minister of Road Transport, Highways & Shipping has announced plans to set up a separate independent Department for Transport, comprising of experts from the automobile sector to resolve issues such as those related to fuel technology, motor body specifications and fuel emissions, apart from exports.
- ◆ Government of India aims to make automobiles manufacturing the main driver of 'Make in India' initiative, as it expects passenger vehicles market to triple to 9.4 million units by 2026, as highlighted in the Auto Mission Plan (AMP) 2016-26.
- ◆ In the Union budget of 2015-16, the Government has announced to provide credit of INRs 850,000 crore (US\$ 124.71 billion) to farmers, which is expected to boost the tractors segment sales.
- ◆ The Government plans to promote eco-friendly cars in the country i.e. CNG based vehicle, hybrid vehicle, and electric vehicle and also made mandatory of 5 per cent ethanol blending in petrol.
- ◆ The government has formulated a Scheme for Faster Adoption and Manufacturing of Electric and Hybrid Vehicles in India, under the National Electric Mobility Mission 2020 to encourage the progressive induction of reliable, affordable and efficient electric and hybrid vehicles in the country.
- ◆ The Automobile Mission Plan (AMP) for the period 2006–2016, designed by the government is aimed at accelerating and sustaining growth in this sector. Also, the well-established Regulatory Framework under the Ministry of Shipping, Road Transport and Highways, plays a part in providing a boost to this sector.

### **Road Ahead**

India's automotive industry is one of the most competitive in the world. It does not cover 100 per cent of technology or components required to make a car but it is giving a good 97 per cent, as highlighted by Mr Vicent Cobee, Corporate Vice-President, Nissan Motor's Datsun. Leading auto maker Maruti Suzuki expects Indian passenger car market to reach four million units by 2020, up from 1.97 million units in 2014-15.

The Indian automotive sector has the potential to generate up to US\$ 300 billion in annual revenue by 2026, create 65 million additional jobs and contribute over 12 per cent to India's Gross Domestic Product.

**Source:** [www.ibef.org](http://www.ibef.org)

## **IMF retains India's growth forecast at 7.5% for FY17:**

India was expected to grow at 7.5 per cent in FY17, underpinned by strong domestic consumption, which has benefited from lower energy prices, says the International Monetary Fund (IMF) in its Regional Economic Outlook: Asia and Pacific. The government's push to boost capital spending could help crowd in private sector investments, which would help broadbase the recovery, it added.

## **India is largest producer of coir in the world:**

India was the largest producer of coir in the world with a production of 5,42,000 MT which comes to around 55% of world production of coir. India was followed by Sri Lanka and Vietnam in terms of production of coir. Government of India is implementing various Schemes for promotion of coir in the country and to enhance the production and export of coir and coir products. The Schemes are Coir Udyami Yojana, Science & Technology and Coir Vikas Yojana comprising of components like Skill Upgradation, Quality Improvement Scheme and Mahila Coir Yojana, Export Market Promotion & Domestic Market Promotion.

## **Indian Railways attracts FDI worth US\$ 59 million: Govt**

Foreign direct investment (FDI) in the railways between September 2015 and February this year stood at US\$ 59.81 million, the Lok Sabha was informed. As per data compiled by the department of industrial policy and promotion (DIPP), the quantum of FDI during September 2015 to February 2016 year is US\$ 59.81 million, Minister of State for Railways Hon. Manoj Sinha told the Lok Sabha in a written reply. He said agreements have been signed between Indian Railways and a joint venture company for setting up of two locomotive factories at Madhepura (electric) and Marhowra (diesel) in Bihar costing about INRs. 2600 crore, and entailing FDI inflow in rolling stock manufacturing.

## **Ford Motor eyes new global technology centre in Chennai:**

Following the footsteps of Nissan, Mahindra and other original equipment manufacturers (OEMs), Ford Motor was planning to set up a new global technology and business centre in Chennai. It would be spread across 28 acres housing a R&D and product testing centre. The firm has invested around US\$ 2 billion in India. While industry sources said the investment would be around INRs 2,500 crore, Ford's spokesperson refused to share details. In an e-mail, the spokesperson said, "We would share details of the engagement at an appropriate time and add nothing to the speculations of investment figures". Ford already has an investment to the tune of US\$ 2 billion in India.

## **India-South Korea Pact for Development of Ports:**

A MoU was signed between the Ministry of Shipping, India and the Ministry of Oceans and Fisheries of Korea on Cooperation in Port related Industry. The Memorandum of Understanding (MoU) has been signed the purpose of cooperation for strengthening administrative, technical and human resources through exchanges, to promote mutual benefits in the fields of port development and operation.

The MoU envisages cooperation in areas including sharing of technology and experiences in port development and operation and joint participation in port-related construction, building and engineering projects of mutual interest amongst others, by both the countries.

## **Indo-Japan collaboration in the field of science & technology:**

India and Japan have immense potential to further strengthen their collaboration in Science & Technology. There are several joint projects which are already in progress and more are in the planning process. The Union Minister for Science & Technology and Earth Sciences Dr. Harsh Vardhan held a meeting with the Japanese Minister for Education, Culture, Sports, Science & Technology (MEXT) Mr. Hirodie Hase in New Delhi.

## **India 3rd in EY's renewable energy index:**

India's renewable energy sector has been ranked third in the Renewable Energy Country Attractiveness Index (RECAI) with China at second and the US on top. The so-called emerging markets now represent half the countries in the 40-strong index, including four African markets featuring in the top 30. Just a decade ago, only China and India were attractive enough to compete with more developed markets for investment, EY said in the report.

## **World Bank nod for US\$ 625 mn loan to Indian solar programme:**

The World Bank said it has approved a US\$ 625 million loan to support India's grid connected rooftop solar programme to generate clean energy. "The project will finance the installation of at least 400 MW of grid connected rooftop solar photovoltaic (GRPV) across India," the multilateral lender said in a statement. The World Bank Board has also approved a co-financing loan of US\$ 120 million on concessional terms and a US\$ 5 million grant from Climate Investment Fund's (CIF) Clean Technology Fund, it added

## **India's growth to rise to 8 percent in FY 2019: Fitch**

India's economic growth rate would slowly accelerate to 8% by fiscal year ending March 2019, driven by the gradual implementation of structural reforms, higher disposable income and improvement in economic activity, global rating agency Fitch said in a report released. Fitch expects India's GDP to grow 7.5% in fiscal year ending March 2016 and improve to 7.7% in the current fiscal year and further to 7.9% in the fiscal year ending March 2018.

## **Intel to work with govt on 100 learning centres:**

Intel India said that it would be working with state governments and the central government to set up 100 digital learning centres at Common Service Centres (CSCs) in rural areas. The company said it would work with state governments that are active on the Digital India programme. It said it had launched three projects – designed to accelerate digital literacy at the grassroots level, by reaching out to the population in non-urban India, upskilling citizens in Tier-two cities & beyond, & encouraging innovation from the local level.

## **Govt eyes 10,000 solar, wind, and biomass projects in 5 years:**

The central government set a target to start at least 10,000 solar, wind and biomass-based power projects in five years, which will serve small groups of customers, especially in rural areas. The target was part of the draft national policy on renewable energy-based micro and mini grids released by the Union Ministry of New and Renewable Energy (MNRE).

## FOREIGN DIRECT INVESTMENT

### Introduction

Apart from being a critical driver of economic growth, foreign direct investment (FDI) is a major source of non-debt financial resource for the economic development of India. Foreign companies invest in India to take advantage of relatively lower wages, special investment privileges such as tax exemptions, etc. For a country where foreign investments are being made, it also means achieving technical know-how and generating employment.

The Indian government's favourable policy regime and robust business environment have ensured that foreign capital keeps flowing into the country. The government has taken many initiatives in recent years such as relaxing FDI norms across sectors such as defence, PSU oil refineries, telecom, power exchanges, and stock exchanges, among others.

### Market size

According to Department of Industrial Policy and Promotion (DIPP), the total FDI investments India received in FY 2015-16 (April 2015-March 2016) was US\$ 40 billion, indicating that government's effort to improve ease of doing business and relaxation in FDI norms is yielding results. Data for FY 2015-16 indicates that the services sector attracted the highest FDI equity inflow of US\$ 6.9 billion, followed by the computer hardware and software sector (US\$ 5.9 billion). Most recently, the total FDI equity inflows for the month of March 2016 touched US\$ 2.47 billion as compared to US\$ 2.12 billion in the same period last year.

During FY 2015-16, India received the maximum FDI equity inflows from Singapore at US\$ 13.69 billion, followed by Mauritius (US\$ 8.35 billion), USA (US\$ 4.19 billion), Netherlands (US\$ 2.64 billion) and Japan (US\$ 2.61 billion). Healthy inflow of foreign investments into the country helped India's balance of payments (BoP) situation and stabilised the value of rupee. FDI in India witnessed an increase of 29 per cent and reached US\$ 40 billion during April 2015-March, 2016 as compared to US\$ 30.93 billion in the same period last year.

According to the data released by Grant Thornton India, the total merger and acquisitions (M&A) and private equity (PE) deals in the month of April 2016 were valued at US\$ 5.5 billion (100 deals), which is 2.2 times higher as compared to April 2015. India has also overtaken China as world's top foreign direct investment (FDI) destination with US\$ 63 billion of FDI announced in 2015 including high-value project announcements across the coal, oil and natural gas, and renewable energy sectors.

### Investments/ Developments

Some of the recent significant FDI announcements are as follows:

- ◆ Honeywell International Inc, the US-based technology and manufacturing solutions provider, has unveiled a new refining technology in Gurgaon, which will be dedicated to helping Indian refiners get more clean transportation fuel, reduce imports of crude oil and produce environmentally preferable diesel fuels.
- ◆ Apple Inc has started its first development centre outside the US in Hyderabad, which will employ over 4,000 people and focus on Apple Maps, the company's digital maps and navigation service.
- ◆ Panasonic Corporation plans to set up a new manufacturing plant for refrigerators in India with an investment of INRs 250 crore (US\$ 37.28 million)
- ◆ Vital Paper Products, one of the major supply chain players in the paper and paper products industry, plans to set up a packaging product unit in the special economic zone (SEZ) of Sri City, Andhra Pradesh, at an investment of INRs 60 crore (US\$ 8.95 million), which will be operational from April 2017.

- ◆ Vistra Group Ltd, a Hong Kong-based professional services provider, has acquired IL&FS Trust Company Ltd, India's largest independent corporate trust services provider, which will enable Vistra to expand the platform to provide a broader suite of corporate and fiduciary services and thereby gain a foothold in the Indian corporate services market.
- ◆ Banana Republic, an American fashion brand owned by GAP, plans to open its first store in India by early next year by entering into a partnership with Arvind Retail.
- ◆ Silver Spring Capital Management, a Hong Kong-based equity hedge fund, plans to invest over 2,000 crore (US\$ 298 million) in Hyderabad-based infrastructure developer Transstroy India Ltd, for construction of highways in the country.

## Government Initiatives

Budget 2016-17 has proposed several reforms in FDI Policy in areas of insurance and pensions, asset reconstruction companies and stock exchanges, such as easier governing and fund raising norms, clarification of tax related matters and higher FDI limits. In order to make India a more attractive foreign investment destination, the Ministry of Finance is planning to introduce the residency permit policy, which will allow key executives of foreign companies making investments worth US\$ 2 billion or more in India, to avail various facilities such as special package on upscale housing, residency permits allowing long stay in the country, and cheap rates for utilities.

The Department of Industrial Policy and Promotion (DIPP) has allowed 100 per cent foreign direct investment (FDI) in asset reconstruction companies (ARC) under automatic route, which will help to tackle the issue of declining asset quality of banks. Mr Shaktikanta Das, Secretary, Department of Economic Affairs, Ministry of Finance outlined Government of India's plans to liberalise FDI rules by putting more sectors under the automatic route, which will fast track FIPB process thereby making India an attractive investment destination.

The Government of India has amended the FDI policy regarding Construction Development Sector. The amended policy includes easing of area restriction norms, reduction of minimum capitalisation and easy exit from project. Further, in order to provide boost to low cost affordable housing, it has indicated that conditions of area restriction and minimum capitalisation will not apply to cases committing 30 per cent of the project cost towards affordable housing.

## Road Ahead

According to United Nations Conference on Trade and Development (UNCTAD) World Investment Report 2015, India acquired ninth slot in the top 10 countries attracting highest FDI in 2014 as compared to 15th position last year. The report also mentioned that the FDI inflows to India are likely to exhibit an upward trend in 2015 on account of economic recovery. India also jumped 16 notches to 55 among 140 countries in the World Economic Forum's Global Competitiveness Index that ranks countries on the basis of parameters such as institutions, macroeconomic environment, education, market size and infrastructure among others.

India will require around US\$ 1 trillion in the 12th Five-Year Plan (2012–17), to fund infrastructure growth covering sectors such as highways, ports and airways. This would require support from FDI flows. During 2014, foreign investment was witnessed in sectors such as services, telecommunications, computer software and hardware, construction development, power, trading, and automobile, among others.
